

PET THERAPY NOMINATION FORM

At Humane Society of Western Montana, we are constantly seeking ways to lower stress for both our shelter residents and our staff and volunteers. We quickly realized that the greatest gift we can offer ourselves, we could also share with our incredible community: animal companionship!

Humane Society of Western Montana is proud to give back to our community through our new **Pet Therapy** program! Each month* HSWM will deliver shelter pet snuggles to local businesses and organizations in need of stress relief!

Nominate your friends, family, and coworkers for this FREE, smile-filled program!

- The nominated organization** must be available on a Friday
- Our pets are adoptable, but we will not be offering on-site adoptions at these cuddle sessions. Participants interested in adopting are encouraged to follow up with our staff after the event.
- This service is FREE! We are so grateful to the Western Montana community for all of your support, and we want to give back!
- Our Pet Therapy sessions are not open to the public; we want to ensure each nominated team member gets as many cuddles as they can handle!

Please complete the following form and mail or email us a copy of your nomination (see footer)

Organization Name:

Contact Person (at organization):

Why does this organization deserve a Pet Therapy day?
